

Mohammad Ishtiaq Ashiq Khan

CS PhD STUDENT AT VIRGINIA TECH

Address: Blacksburg, Virginia, USA

Phone: +15404498267

E-mail: ishtiaqashiq5@gmail.com, iashiq5@vt.edu

[GitHub](#), [LinkedIn](#), [Google Scholar](#)

Website: <https://ashiq5.pythonanywhere.com/>

HIGHLIGHTS

- Have advanced knowledge of OOP, algorithms, data structures, computer networks, network security, and relational DBMS.
- Demonstrated strong teamwork skills in collaborative research and multiple team projects.
- Developed effective communication skills by interacting with students at different levels of expertise while being employed as a university lecturer.
- Contributed to two open source projects in TextAttack and Mail-in-a-Box.

WORK EXPERIENCE

Graduate Research Assistant, Virginia Tech

Supervisor: Dr. Taejoong Chung

- Currently focusing on how a data-driven approach can strengthen the security of public key infrastructure (PKI).

Lecturer at United International University, Dhaka, Bangladesh

Department of CSE

Jul '19 - Jan '21

- Taught Network Security, Artificial Intelligence Laboratory, Object Oriented Programming, etc.
- Supervised student projects

Full Stack Software Engineer at InfoSapex Limited, Dhaka, Bangladesh

Department of Design and Development

Nov '18 - Jul '19

- Developed a Procurement Management System for both server-side and client-side
- Designed a large, normalized database connecting multiple modules
- Added an efficient real-time report generation system
- Managed the server-side configuration and deployment of the system
- Stack: Django Rest, JS, jQuery, HTML, CSS, Bootstrap, PostgreSQL, Celery

EDUCATIONAL QUALIFICATION

Virginia Tech, Blacksburg, Virginia, USA

Ph.D., Computer Science and Applications

CGPA: 4.00/4.00 (Ongoing)

Jan '21 - Dec '25 (Expected)

Bangladesh University of Engineering and Technology (BUET), Dhaka, Bangladesh

Bachelor of Science, Computer Science and Engineering

CGPA: 3.83/4.00

Jul '14 - Oct '18

RESEARCH INTERESTS

Network Security and Measurement, Data Analysis, Machine Learning

PUBLICATIONS

Measurement and Analysis of Automated Certificate Reissuance

Supervisor : Dr. Taejoong Chung

May '20 - Nov '20

Authors: Olamide Omolola, Richard Roberts, Md. Ishtiaq Ashiq, Taejoong Chung, Dave Levin, and Alan Mislove

- In Proceedings of the Passive and Active Measurement Conference (PAM), Virtual, Mar 2021

Domain Flux based DGA Botnet Detection Using Feedforward Neural Network

Supervisor : Dr. Md. Shohrab Hossain

Jan '18 - Jul '19

Authors: **Md. Ishtiaq Ashiq**, Protick Bhowmick, Md. Shohrab Hossain, and Husnu S. Narman

- In IEEE Military Communications Conference (MILCOM), Norfolk, VA, USA, Nov 12-14, 2019

PROJECTS

Automating DANE management

Supervisor: Dr. Taejoong Chung

Oct '20 - Present

- Contributed to an open source project to automate DANE configuration updates after key rollover [\[Link\]](#)
- Submitted in USENIX Security 2022

A Study on Adversarial Training: Is adversarial training transferable in the text domain?

Supervisor : Dr. Bimal Viswanath

Mar '21 - Apr '21

- [GitHub Link](#), Framework: PyTorch
- Fixed a bug on the reference open-source framework [\[Link\]](#)

Experimenting with Web Honeypots: How robust is SNARE-TANNER?

Supervisor : Dr. Angelos Stavrou

Mar '21 - Apr '21

- Devised and demonstrated vulnerabilities for attackers to bypass detection in SNARE-TANNER framework, [details here](#).

SKILLS

Languages: Python, Java, C++, C, L^AT_EX, JavaScript, Assembly (x86)

Framework: Django Rest, Tensorflow, PySpark, PyTorch

Database Management System: SQL, PostgreSQL

Other: HTML, CSS, Bootstrap, jQuery, familiar with Android, Redis, NodeJS, Apache

AWARDS & ACHIEVEMENTS

Awarded **University Merit List Scholarship** for academic performance at BUET

Awarded **Dean's List Scholarship** for academic performance at BUET

Awarded **Dhaka Board SSC & HSC Scholarship** in 2011 & 2013 respectively
